UNITED TAXIDERMISTS OF NEW YORK 2025

PRESIDENT'S MESSAGE

Happy New Year everyone! The UTNY board is planning a great event this year with a great lineup of judges and a few new things this year.

We are excited about our judges this year with Ken Walker judging mammals and game heads, Lowell Shapley judging birds and fish, and Gary Weir judging whitetails. This is an extremely talented and accomplished group that you will enjoy.

We are adding a new event this year, the first annual UTNY mount off! The event will take place Friday evening and is open to all. Read on for the details. This is meant to be a social and educational event and everyone is welcome to watch.

As many are aware, Bryan Eppley passed away recently. Bryan was the founder of Ohio Taxidermy Supply, a wonderful person, and a good friend to our organization. Bryan was very talented sculptor and artist who we will honor with a new award in his name. The UTNY Bryan Eppley Award will be given to the most artistic whitetail mount at the show, judges choice.

We looking forward to seeing you in April!

Jerry St.Pierre
UTNY President

2025 Competition Judges

Gary Weir- Whitetails

Hello, my name is Gary Weir. I live in Montrose Colorado. I'm honored to be your whitetail judge for your 2025 convention. Growing up in Texas, some of my best memories were hunting deer with my father. I'm looking forward to judging your pieces and giving critiques. Hopefully I can share my knowledge of the species I love so much. I've heard so much about your organization and have met several of your members. My wife and I are looking forward to this great convention. A few of my achievements include two-time national champion with deer, closed and open mouth. 2023 North American Champion and winning the Bruchac Memorial Award. In 2024 I was honored to judge whitetails at the National Show, World Show, and several amazing state shows.

Ken Walker – Mammals and Gameheads

Ken Walker, from Alberta Canada, is a three-time World Champion taxidermist and Sculptor. In 2003 Ken was hired to join a group of prestigious taxidermists for the renovation of the hall of mammals at the Smithsonian National Museum of Natural History. Ken is an icon in the industry and well known for his recreations of endangered or extinct animals which include the Irish Elk, Saber Tooth Tiger, and Giant Panda.

2025 Competition Judges

Lowell Shapley.- Birds and Fish

Our 2025 Bird and Fish judge is Lowell Shapley from Texas. Lowell is an award-winning renowned wildlife painter, sculptor, and taxidermist whose work has found homes collections around the world. As an avid outdoorsman with a passion for wildlife, Lowell has been fortunate enough to see and experience many wonders of our vast natural world and recreate them in his own artistic expression. Lowell has been a full-time taxidermist for 22 years and has won two world titles and two best of shows with birds at the world taxidermy championships.

“Through these experiences and my love of painting, I strive to illuminate the subjects of my work with vivid, explosive color, and the raw dynamic action of the untamed world”

-Lowell Shapley

UNITED TAXIDERMISTS OF NEW YORK

Rules of Competition

- 1) All attending must be dues paying members of UTNY and must be registered at this convention. Registration badge must be worn at all times.
 - 2) All competition pieces need to be registered for the competition and pay the appropriate fee(s).
 - 3) Pick up your packet before entering competition pieces. All competition pieces must be delivered to check-in area by **4:30pm on Friday, April 3rd, 2020**. Any final grooming is to be done only in the check-in area prior to the official judging session. Pieces may not be removed until the end of the board meeting on Sunday. **NO EXCEPTIONS!** Anyone wanting someone else to transport their competition pieces on Sunday will need to supply a written document to the competition committee with both signatures for release.
 - 4) No one is to be allowed in the competition area prior to, or during, judging other than authorized competition committee personnel.
 - 5) Pieces may be used to compete only one time in a UTNY competition.
 - 6) HANGERS: Please place all hangers so that they extend above the panel on backer. If two hangers are required, space on full inches apart for pegboard display. (You can move them back down after the show.)
 - 7) A competition piece can be rejected from competition if members of the committee judge it to be lewd or offensive to the general public (i.e. blood, trap, arrow, and also No Live Ammo allowed).
 - 8) Any plaques or signs identifying the taxidermist or customer must be removed or obscured before judging. All glass cases must be removed by the competitor only, before judging. This will be done in the grooming area.
 - 9) Multiple ribbons will be awarded in most categories, according to quality of work. In the event of a tie, duplicate ribbons will be given.
 - 10) Score sheets will be given to competitor. It will be the competitor's responsibility to keep. UTNY will only hold the scores of each competitor. Raw score will be used for the ribbon placement in all the classes. Judges will be notified of the class.
 - 11) Any unsportsman-like behavior will result in the loss of ribbon.
 - 12) Animals hunted legally in the world are allowed with proper permit, including transport permits. Hawks, owls, songbirds, or eagles will be allowed with proper state and federal paperwork. The competitor is responsible for knowing and following all such laws pertaining to species on federal or NYS protected or threatened lists.
- 13) JUDGES DECISIONS ARE FINAL.**
- 14) All competition pieces will be entered at the competitor's own risk. UTNY is not responsible for any liability due to damage, theft, fire, or natural causes.
 - 15) Any competitor 16 years old or under, will receive a ribbon and may register under family membership, but must still pay the entry fee.
 - 16) If you bring any animal that does not conform to any category, you must submit photos and reference pictures for the judge to determine if it was correctly interpreted in the mount. There will be no best of category ribbon.

UNITED TAXIDERMISTS OF NEW YORK

Categories of Competition

A mount can only be entered in one division in the competition (i.e., you cannot enter the same mount in the master and commercial division at the same time).

Open categories are open to competitors in any division. Open categories include, but are not limited to: collective artist, novelty, wildlife art, freeze dry, and commercial. Entries in open categories are not eligible for distinguished taxidermist or any special awards unless specifically listed.

1) Youth, Amateur, Professional, and Master Divisions

Whitetail deer heads (open or closed mouth categories).

Gameheads (open or closed mouth categories, all other animals including ½ life size).

Large life size mammals (larger than a coyote).

Small life size mammals (coyote and smaller; juvenile large mammals, fawns, cubs, etc. will be included as small mammals determined by body mass as to coyote size).

Upland birds, waterfowl, turkeys (allow freeze dry heads).

Reptiles (skin mounts).

Habitat

Reproductions (fish, reptiles, amphibians, replica antlers, etc.)

Fish: All fish are judged as a two-sided mount. The only one-sided fish is in the commercial, youth and amateur divisions. The judge will need to see two eyes and the finished area to

blend the seam, in order to score the fish. Please specify the category on entry sheet.

The competition committee will classify anything questionable into the commercial division.

2) Wildlife Art

Wildlife art will be any open division, to include, but not exclusive of sculpture, painting, photography, carving, casting or flat art. (the judges will choose the winner.)

Nothing will be allowed that is lewd or offensive to the public (i.e., traps, blood, arrows and NO LIVE AMMO).

3) Commercial Division

Whitetail deer, gameheads, birds, mammals and fish are the only categories in this division.

Only first, second and third places are awarded. Judging will be done without the use of a flashlight or physical touch. Commercial pieces will be eligible for taxidermist's choice.

4) Freeze Dry Taxidermy

This will be an open division. Entries must be designated for this category. No other freeze dry will be in the general competition other than turkey head.

5) Presidents Challenge

Chosen by the President.

6) Best of Category

These ribbons will be awarded in each division for the categories listed above in the Divisions listed in #1. The Best of Category ribbon will go to the highest blue ribbon entry. If a division has no blue ribbon, it will not receive a Best of Category ribbon.

7) Collective Artist Category

Some thoughts when choosing a division.....

- Ask many who have been competing for awhile. They will tell you the best benefit to competing is the knowledge you will gain through the critiques of your piece. Your work will very likely improve faster than it ever would have on your own.
- The higher the division, the higher the scrutiny the judge will use . The ribbons may come harder but the input from the judge will be more in-depth.
- First timers often think they should start in the Amateur Division. You might consider entering the Professional division. The judging is to a higher standard and the critique will be much more detailed...you will learn more faster.
- The Commercial Division is basically judged from several feet away, i.e. from a customer's viewpoint. Pieces are not scored on a point system and there is no detailed score sheet. Ribbons can come easier but you won't get the benefit of the score sheet and critique. If you are hungry for knowledge, you might be better served in any of the other divisions.

Divisions of Competition

AMATEUR: Anyone new to taxidermy competition. Any amateur who has won two 1st place ribbons in a given category, must move up in that category only.

PROFESSIONAL: Any competitor who has won two 1st place amateur ribbons in that category, or a best of category. Any professional who has won three 1st place ribbons in a given category, must move up in that category only.

MASTER: Any competitor who has won three 1st place professional ribbons in that category

YOUTH: Any competitor 16 years and younger can compete under family membership, but must pay entry the fee(s).

COMMERCIAL: Any average customer piece, open to all competitors. The reason for having a commercial division is to have an average customer piece critiqued. Judging is done without a flashlight or physical touch. Entries are eligible for Taxidermist's Choice, Presidents Trophy and WASCO awards. There is no Best of Category awards in this division.

***** Note any competitor may move up to a higher division at anytime, but cannot drop back. *****

****With the elimination of the DOE Division. Competitors previously in DOE should compete in the Masters Division.**
